## Digital Use Agreement for

---

### Student:

I have read (or an adult has explained to me) the Fendalton Open-air School **Digital Safety & Use Agreement** booklet. I know the school rules about the use of computers, the Internet and other digital technologies. I know that if I break these rules there may be serious consequences:

- My parents/caregivers may be told.
- I may lose the right to use school computers and the Internet.
- The school may also take disciplinary action against me.
- I may be charged for repair to equipment and/or technician time.

### Parents/Caregivers:

- I have read the School **Digital Safety & Use Agreement** booklet and understand that my child may not access the Internet or digital technologies at school without this agreement being signed and returned.
- I also understand there may be serious consequences if rules are broken. I have gone over the information with my child and explained its importance.
- I understand that if my child damages equipment as a result of not following these guidelines, I may be invoiced for the cost of replacement parts and/or repairs.
- I understand that while the school will do its best to restrict student access to offensive, dangerous or illegal material on the Internet or other communication technologies, it is the responsibility of my child to have no involvement in such material or activities.
- I also understand this agreement applies to communication technologies my child brings into the school environment. I agree that any technologies my child brings into the school are governed by these rules.
